Dear Mr. Mooney:

Attached are two copies of General Cushman's biographic statement and one copy of his photograph.

I understand that you inquired if General Cushman would be willing to appear in a press conference during his visit to the Center in March. It is Agency policy that senior officers do not participate in press conferences. General Cushman, therefore, believes that it would be inappropriate for him to take part in such a conference.

Sincerely,

/s/

Executive Assistant to the Deputy Director
